2021 Campus Health Pledge

In order to have camp this summer, we are taking extraordinary measures to stay well and protect our students, staff, and community. Therefore, we ask our campers and families to take responsibility for their health and keep the Arts Center community safe by stopping the spread of COVID-19.

Prior to arrival at camp:

- If eligible by age, we strongly encourage and recommend that campers should get fully vaccinated for COVID-19. Ideally, wait 2 weeks after completing vaccination for COVID-19 before traveling to camp.
- Campers and their families should follow the CDC's [Guidance for Travelers](#) in the 14 days before camp to reduce exposure to COVID-19. Unvaccinated campers will need to engage in a 2-week pre-arrival quarantine that includes physical distancing, mask-wearing when not at home, avoiding unnecessary travel, and refraining from indoor social gatherings with people outside of their households if at all possible.
- If you are experiencing any of the symptoms of COVID-19 prior to your arrival (fever of 100.4 or higher, dry cough, difficulty breathing, chills, repeated shaking with chills, muscle pain, headache, sore throat or loss of taste or smell), please visit your health professional and do not come to camp until you test negatively for COVID-19.
- We strongly encourage and recommend that campers who are not fully vaccinated provide proof of a negative viral test taken no more than 1-3 days before arriving at camp to ensure the safety of all of our participants.
 - CDC does not recommend getting tested again in the three months after a positive viral test if the person does not have symptoms of COVID-19. Campers and staff who have had a positive viral test in the 3 months prior to starting camp and have met the criteria to end isolation should have a letter from their healthcare provider documenting the positive test date and stating the individual is cleared to end isolation.

- Please review the [CDC's Travel During COVID-19](https://www.cdc.gov/coronavirus/2019-ncov/travelers/travel-during-covid19.html) (https://www.cdc.gov/coronavirus/2019-ncov/travelers/travel-during-covid19.html) page for more details about preparing to travel, including recommendations about staying safe during travel such as wearing a mask in public settings.

While at camp, I pledge to protect:

1. Myself

- Monitor for symptoms of COVID-19, and report to the Camp Coordinator or Counseling Staff if I experience the following symptoms: fever of 100.4 or higher, dry cough, difficulty breathing, chills, repeated shaking with chills, muscle pain, headache, sore throat or loss of taste or smell
- Wash my hands often with soap and water and use hand sanitizer.

2. Others

- Maintain appropriate physical distancing
- Wear an appropriate face mask and wash hands often and/or use hand sanitizer.
- Let staff know immediately if you are feeling ill and what symptoms you are having.

3. Our Community

- Keep my belongings and personal spaces and shared common spaces clean
- Carefully observe instructional signs and follow directions
- Participate in testing and contact tracing as needed
- Observe and uphold all Shell Lake Arts Center COVID-19 Policies

Thank you for doing your part to keep our Shell Lake Arts Center students, staff, and community healthy this summer! We can't wait to see you at camp!
