Statement from Shell Lake Arts Center regarding the impact of COVID-19:

As we look at the 2020 camp season, we are currently planning to move forward as normal with our summer programming. Our building is currently inactive and we have canceled our Honors Choir and First Year Band Masterclass events that were planned to take place in April.

At this time we are upholding our standard policies and procedures regarding registrations, but we will be continuously monitoring the new information that is given to us by our local government and the CDC to make changes to our plans and policies going forward if the government mandates and recommendations should necessitate that.

As always, we will continue with our regular comprehensive safety procedures. It is our number one priority to keep the students and faculty at our camps safe and healthy. If you have any questions or concerns please do not hesitate to email info@shelllakeartscenter.org or call (715) 468- 2414.
